Ups and Downs of Trash

Handout C
Activity M.m
Grades 7 - 8

For each of the five situations below, ask the students to determine whether the supply or demand has changed and then explain what effect this change will have on the price for used newspapers.

- 1. More consumers buy items made from recycled newspaper.**
- 2. Farmers use shredded newspapers as a substitute for straw.**
- 3. Recycling mills for used newspaper will be ready to open in two years.**
- 4. People must pay to leave used newspapers at recycling centers.**
- 5. Countries in Europe want to buy used newspapers from the United States.**
