

The Litterbug Family Picnic

One day the Litterbug family decided to go on a picnic. The Litterbugs found the perfect spot and started their picnic. While setting up the picnic, Mr. Litterbug smoked a cigarette and when he was done he threw it on the ground. The Litterbug children brought their favorite drinks to the picnic. Lizzie Litterbug brought Fizz-E-Pop soda that came in a cool glass bottle. Lucas Litterbug brought Bubble Berry soda that came in an aluminum can. After drinking the soda, the Litterbug children threw the bottle and can on the ground. Mrs. Litterbug brought some yummy potato salad in a hard plastic container. Most people would take the container home to wash and reuse it, but not the Litterbug family. They left the container at the picnic site. Mrs. Litterbug also brought some bananas as a healthy treat for the Litterbug family. The Litterbug family finished their bananas and left the peels on the ground. When the Litterbug family was finished eating, they left the newspaper on the table and the wind blew them into the bushes. As they were leaving, Mrs. Litterbug noticed that baby Lucy Litterbug needed a diaper change. When Mrs. Litterbug finished changing Lucy she left the dirty diaper in the parking lot. Gross! Clearly the Litterbug family needs to learn to throw their trash away and recycle.
